PRINCIPAL’S ADDRESS

The year 4-7 students are getting excited about their UR Walpole camp. I was impressed with the choir and angklung performance provided at the assembly. The choir and band also had an opportunity to perform at Pioneer Park to the Peace Runners who were visiting the town on their run around Australia. I have heard other schools are also looking forward to the concert they will be provided while our students are on camp.

The breadth and depth of learning at Walpole PS was demonstrated by the Year 2/3 class, also at the recent assembly. Tyrannosaurus was the topic on which they researched, wrote reports and produced movies. Mrs Flett is providing an excellent curriculum for her students.

Western Australian Monitoring Standards in Education testing will take place for the Year 5s and 7s in August next term, on the subjects of Science and Society and Environment. This provides state-wide comparative data for our students. Historically, Walpole students have achieved better than like schools in both areas. An information booklet for parents of Year 5s and 7s will go home shortly.

URWalpole- Nurture

The UR Walpole celebration assembly will take place on Thursday July 4. It is an opportunity for students to take their parents on a learning journey. Classrooms will be open from 1pm for parents to look at student work and participate in an activity with their child. At 2:15pm, the students will display their work and perform in the undercover area. Please join us for all or part of the afternoon.

Term 3 Starting Dates

Just a reminder that staff will be participating in five days of professional development from July 22 to 26. Students will only return to school on Monday, July 29. This is only for Walpole PS. Please check starting dates with relevant schools should you have children elsewhere.

YEAR SEVEN STUDENT

The next Year 7 student who I would like to introduce to you is:
